

Personal Data Request Notice

This personal data request privacy notice is meant to help you understand what personal data we collect and why we collect it.

The Contact Us form requests personal data to facilitate communication with you regarding your message to the Office of Data Privacy (Office). Providing the requested personal data of your name, email address, and organization is optional and you do not need to provide it if you do not want a response to your message. If you would like a response from the Office, you need to provide at least your email address.

We collect your personal data for the purpose of communicating with you.

We use your personal data to:

- Respond to inquiries or requests made by you
- Collect data analytics

If you do not provide your contact information, the Office will not be able to respond to or communicate with you.

Your personal data will be shared only where required by law.

The personal data collected by this page is designated as a public record and is part of [Record Series #31150](#)

For more information, please refer to our website privacy policy located [here](#).
